

Narrow Row Crop Sprayer

80SR

Supercharged

- 14-20 MaxCharge™ air-assisted electrostatic nozzles
- 32 inches (80 cm) in width, perfect for narrow rows and green house operations
- 30 gallon (113 liters) poly tank
- 450 lbs (204 kg) dry weight
- Efficient and effective ultra low volume sprayer (40 micron droplet size) with minimum drift
- Supercharged blower means the spray goes higher and further
- Control lever with valve control and easy-to-see electrostatic charge indicators
- Compatible with most conventional chemicals and fungicides
- Flow rate of 0.66-0.95 gal/min. (2.5-3.6L/min.)
(Example: 4mph at 10 ft centers equals an application rate of 7-12 gal/acre (66-112 liters/hectare))
- Excellent foliage and “under the leaf” coverage
- “Category I” lift class; under 20 horsepower consumption

Electrostatic Spraying Systems manufactures sprayers utilizing its patented MaxCharge™ technology. For more details please visit our website, www.maxcharge.com, or contact a representative at (706)769-0025.
